Indiana University, Bloomington

November 13, 2007
5:30 - 8:00 pm
YES Cinema, Columbus, Indiana

Understanding Sexual Orientation and Gender

This workshop will discuss answers to these and other questions from a scientific perspective:  What makes a person gay or straight • Is there a gay gene • Are hormones involved • Is it how children were raised • How does this all relate to gender • What is a transgender person or a transsexual • Are they gay • How are gays and straights similar and different ?????????

Included will be group discussion, interactive exercises, and a question and answer period.

sponsored by
Inclusive Community Coalition
Fostering dialogue about sexual orientation and gender identity
and Quinco Behavioral Health Systems

Supported by a grant from Heritage Fund of Bartholomew County

A light meal will be offered 5:30-5:45.
